

Summary

Detail-oriented professional with experience in pension administration, new business processing, and claimshandling. Skilled in financial reconciliation, payroll processing, data validation, and regulatory compliance. Strong analytical, communication, and problem-solving abilities with proficiency in MS Office and time management

Skills

MS Excel (Advanced), Word & Outlook, Pension Administration & New Business Processing, Data Validation & Documentation Review, Claims Processing & Risk Assessment, Strong Communication & Problem-Solving Skills

Education

BSC Computer Science

Annasaheb Magar College (2022-2025)

Experience

Data Analyst Intern

ZeTheta Algorithms Private Limited (Remote) | Jul 2025 – Sep 2025 (Jul 2025 – Sep 2025)

Utilized SQL and Tableau to analyze and visualize complex datasets, resulting in improved decision-making processes within the organization. Developed predictive models using Python and R to forecast future trends and support data-driven business strategies. Conducted in-depth statistical analysis on customer behavior and market trends to identify opportunities for growth and optimization.

Projects

AgriLink - Farmer-to-Consumer Marketplace

Developed a web-based platform enabling farmers to list and sell agricultural products directly to buyers. Implemented secure user authentication, product and order management, automated email notifications, and profile management. Built using Flask (Python) for the backend, HTML/CSS/JavaScript for the frontend, and MySQL for the database.
